## JUST VIEWS: a Free & Open Monthly Film & Discussion Program

Friday, Oct 10, 2008 at 7:20—The Coming Oil Crash

Intense heat and pressure upon organic matter formed the earth's petroleum resources starting perhaps 90 million years ago. Though early humans long have used small amounts of surface oil, drilling for deep oil began only in 1914. Since, millions of barrels a day have been drawn from the substrata -- greatly depleting en situ reserves. This documentary (purchase complete DVD via [docurama.com](http://docurama.com)) serves as "A Crude Awakening" that, now as our society is addicted to fossil fuels, and has gone to war for oil, we all must cope with the "peak oil" crisis and the end of cheap petroleum. The discussion following will test and explore hard realities and how to cope.

These **2nd Friday evening Just Views programs start at 7:20 pm**, are sponsored by the DuPage Peace through Justice Coalition and are held **at the Unitarian Church in Naperville IL at 4 S 535 Old Naperville Road** (630/505-9408).

**Directions:** Go (south of Route 88) to the corner of Naperville Road and Diehl. Proceed one block east along Diehl, then turn left/north. Enter the Unitarian Church ahead on your right.
